Grantor is authorized by statute of the state of Washington to make grants for the fundamental government purpose of promoting life sciences research and development to improve health and health care, foster economic development, and strengthen the competitiveness of the life sciences sector within Washington state;

Grantor intends to sponsor life sciences research and development under the direction of _____ ("Principal Investigator") and to award Grantee funds not to exceed \$ _____ to conduct such research and development;

Grantee intends to conduct the sponsored research and development in accordance with the grant proposal submitted to Grantor;

NOW, THEREFORE, in consideration of the above and the mutual terms and conditions set forth below, Grantor and Grantee agree as follows:

ARTICLE 1. EFFECTIVE DATE AND GRANT PERIOD

This Agreement shall be effective on _____ ("Effective Date"). The activities set forth in the Milestones and Timeline (as defined in Section 2.2) shall be performed during the _____ month period beginning on the Effective Date and ending _____ ("Grant Period").

ARTICLE 2. DESCRIPTION OF RESEARCH AND DEVELOPMENT PROJECT

2.1 Proposal. The grant awarded herein provides funding for the research and development project described in the proposal submitted by Grantee to Grantor entitled, _____, (Grantor reference number LSDF _____) ("Proposal"), which is attached to this Agreement as Exhibit A1. Grantee's work under the Proposal and the activities set forth in the Milestones and Timeline are aimed at development and future

commercialization of a product. The description of such "Product" is included as Exhibit A2.

2.2 Milestones and Timeline. In performing the project described within the Proposal, Grantee shall use its reasonable best efforts to complete the activities set forth in the milestones and timeline ("Milestones and Timeline") found in Exhibit B. Grantee shall notify Grantor immediately of any event which reduces or is likely to materially reduce Grantee's ability to undertake the activities set forth in the Milestones and Timeline. Material changes in the Milestones and Timeline require the advance written approval of Grantor.

2.3 Conduct under the Milestones and Timeline. Grantee shall allocate space, monies, personnel and other resources as described within the Proposal to complete the activities set forth in the Milestones and Timeline. Grantee's failure to make such allocations shall be deemed to be a termination of the activities set forth in the Milestones and Timeline by Grantee. Termination of the activities set forth in the Milestones and Timeline by Grantee is grounds for termination of this Agreement. In performing the activities set forth in the Milestones and Timeline, Grantee shall maintain complete and accurate records of such activities, follow commonly accepted standards of workmanship, and comply with all relevant federal, state, or local laws and regulations, and Washington state executive orders. Without limiting the general requirement contained herein, Grantee shall comply with all federal and state laws relating to discrimination by employers or in public accommodations, receipt and disbursement of state and federal funds, tax reporting and withholding requirements, workers' compensation, and wage and hour laws.

Recipient shall use Commercially Reasonable Efforts (as defined in Section 6.1) to commercialize the Product, including any technology and intellectual property created by Grantee in performing the activities set forth in the Milestones and Timeline.

2.4 Key Personnel. The activities set forth in the Milestones and Timeline shall be carried out under the direction of the Principal Investigator who shall select and supervise other participants as needed. Key Personnel are those individuals, other than the Principal Investigator, who are essential to performing the activities set forth in the Milestones and Timeline and to commercializing the Product, including any technology and intellectual property created by Grantee in performing the activities set forth in the Milestones and Timeline. The Principal Investigator shall be responsible for administering the Grant (as defined in Section 3.1) in accordance with the terms and conditions of this Agreement, supervising the activities set forth in the Milestones and Timeline, submitting progress reports to Grantor in a timely manner, overseeing personnel matters and disbursement of Grant funds, and responding to any inquiries from Grantor

related to progress or financial reports or to an audit of expenditures under the Grant. The Principal Investigator shall sign or otherwise authorize all progress reports and requests made pursuant to this Agreement.

In the event that during the Grant Period the Principal Investigator changes his or her employment status with Grantee, relocates outside of Washington, or otherwise is unable to fulfill the role of Principal Investigator, or an individual within the Key Personnel is no longer able to perform his or her responsibilities Grantee shall notify Grantor in writing 30 days prior to such event, or as soon as practical, and identify in writing an alternate Principal Investigator or Key Personnel member, acceptable to Grantor. Failure by Grantee to have either an approved Principal Investigator or an approved full complement of Key Personnel is grounds for termination of this Agreement.

In the event that during the Grant Period the Principal Investigator or other individuals performing the activities set forth in the Milestones and Timeline: (a) are debarred, declared ineligible, or voluntarily excluded from participation in transactions by any federal department or agency, including, but not limited to the U.S. Food and Drug Administration ("FDA"), or under any federal statute or regulation, including, but not limited to the provisions of the Generic Drug Enforcement Act of 1992, 21 U.S.C.; or (b) are otherwise subject to restrictions or sanctions by any other governmental agency or professional body with respect to the performance of scientific or clinical investigations; or (c) have otherwise been disqualified or suspended from performing activities substantially the same as those set forth in the Milestones and Timeline; Grantee shall immediately notify Grantor in writing. Debarment, ineligibility, exclusion, or other disqualification or suspension of the Principal Investigator or other individuals set to perform the activities set forth in the Milestones and Timeline from actually performing such activities is grounds for termination of this Agreement.

2.5 Control of Milestones and Timeline. Control of the activities set forth in the Milestones and Timeline shall rest with Grantee.

2.6 Subcontractors, Collaborators and Service Providers. For the purposes of this Agreement:

(a) the term "Subcontractor" is defined as an individual or organization that will conduct a portion of the activities set forth in the Milestones and Timeline and will be paid by Grantee from the Grant on a cost reimbursement basis.

(b) the term "Collaborator" is defined as an individual or organization that is key to the design, conduct, and reporting of the activities set forth in the Milestones and Timeline and will not be paid by Grantee from the Grant.

(c) the term "Service Provider" is defined as an individual or organization, including but not limited to, contract research organizations ("CROs"), that will conduct a portion of the activities set forth in the Milestones and Timeline and will be paid by Grantee from the Grant on a fee-for-service basis.

Subject to the terms of this Agreement, Grantee may engage third party Subcontractors, Collaborators and Service Providers in performing the activities set forth in the Milestones and Timeline. Grantee shall be responsible for the performance of all such Subcontractors, Collaborators and Service Providers and for ensuring that their work is consistent with the terms and conditions of this Agreement. Grantee warrants that it shall enter into written agreement(s) with all such Subcontractors, Collaborators and Service Providers as specified in the Milestones and Timeline. Among other provisions, such agreement(s) shall allow for the allocation of the rights that Grantee and Subcontractors, Collaborators and Service Providers shall have in any intellectual property developed in performing the activities set forth in the Milestones and Timeline and shall identify which of the parties shall be responsible for commercialization of such intellectual property. No privity of contract exists between Grantor and Subcontractors, Collaborators, and Service Providers.

2.7 Title to Equipment and Computers. Title to equipment and computers purchased under the Grant shall be vested in Grantee, on condition that such equipment and computers are used for performance of the activities set forth in the Milestones and Timeline. Failure to keep equipment and computers available for such activities during the Grant Period is grounds for termination of this Agreement. Prior to authorizing the use of Grant funds to purchase equipment, Grantor, at its sole discretion, may require Grantee to execute a security agreement with Grantor that is satisfactory in both form and substance to Grantor. The security agreement shall, unless otherwise agreed to by Grantor, provide Grantor a first priority interest in such equipment.

ARTICLE 3. FUNDING AND PAYMENT

3.1 Funding. Grantor shall award funding to Grantee in an amount not to exceed \$ [REDACTED] (the "Grant") to complete the activities set forth in the Milestones and Timeline. Grantee shall allocate the Grant according to the budget ("Budget") shown in Exhibit C. Disbursement of funds shall be subject to Grantee's compliance with all terms and conditions set forth in this Agreement. The obligation of Grantor to disburse funds to Grantee under this Article 3 is

contingent upon Grantor having sufficient funds and expenditure authorization and authority under state or federal laws, regulations or guidelines to do so, as determined by Grantor.

3.2 Pre-Award Costs. Grantor shall not reimburse Grantee for expenditures made prior to the Effective Date without advance written approval of Grantor.

3.3 Allowable Costs. Costs allowable under the Grant are based on the Budget. Except as may be allowed pursuant to Section 3.2, allowable costs shall include costs incurred by Grantee from the Effective Date, until completion of the activities set forth in the Milestones and Timeline, expiration of the Grant Period, or notice of termination of this Agreement, whichever is earliest; in no event shall allowable costs exceed the Grant.

The following direct costs are allowable: personnel (including wages, benefits, stipends); equipment (where the unit cost of what constitutes an item of equipment is subject to Grantee's policies, but shall under no circumstances exceed \$5,000); supplies; travel; subcontracts; and other costs as itemized by Grantee and approved by Grantor. Facilities and administration costs are allowable, provided that such costs represent the true and actual costs of performing the activities set forth in the Milestones and Timeline.

Expenditures for the following are not allowable: costs not within the Budget, facilities construction and remodeling costs, meals not associated with approved travel or exceeding the state per diem guidelines, alcoholic beverages, costs associated with patient care beyond those required for performing the activities set forth in the Milestones and Timeline, costs of purchasing, leasing or maintaining computers not essential for performing the activities set forth in the Milestones and Timeline, costs associated with securing intellectual property protection or rights, market analysis, legal consultation and equipment, or computer purchases in the final year of a multi-year award without prior LSDF approval.

3.4 Unallocated Costs. In the event that the Budget includes funds for activities whose costs or nature cannot be accurately determined as of the Effective Date, Grantee shall not encumber such funds for expenditure without the advance written approval of Grantor. In seeking Grantor's approval, Grantee shall provide a detailed written description of how such funds are to be spent and the time period during which the expenditures are to be made.

3.5 Budget Modifications. Grantee shall seek the advance written approval of Grantor for expenditures that are not within the Budget or any changes to the Budget that directly impact the Milestones and Timeline. Such approval shall be requested in writing by Grantee's Authorized Official (as identified in Article 21).

Monetary shifts of less than 5% of the amount within a category of the Budget, not to exceed \$5,000, may be made between categories without advance written approval of Grantor.

3.6 Payments. Grantor shall disburse the Grant to Grantee for performing the activities set forth in the Milestones and Timeline on a cost-reimbursement basis upon receipt of invoices submitted to and approved by Grantor. All payments shall be subject to Grantee's timely progress in achieving the goals set forth in the Milestones and Timeline, as determined by Grantor, and to Grantee's timely provision of progress reports to Grantor as described in Article 4 and Article 7, and annual financial reports as described in Section 3.7. Invoices shall be electronically submitted by Grantee using Grantor's online submission system, with a signed copy and detailed expenditure documentation sent by mail or other means as specified in Article 21. Commencing on the Effective Date, invoices shall be submitted for continuous periods of not less than 30 days and not greater than 90 days, and shall be submitted no later than 60 days from the end of the invoice period. Invoices shall include expenditures within a single annual period of the Budget only. Invoices shall state the milestone(s) within the Milestones and Timeline against which costs have been incurred during the invoice period, shall itemize all allowable costs according to the categories within the Budget, and shall be signed by Grantee's Authorized Official certifying that all expenditures are directly related to performance of the activities set forth in the Milestones and Timeline and the Budget. Grantor shall reimburse Grantee for all allowable costs incurred until completion of the activities set forth in the Milestones and Timeline, expiration of the Grant Period, or notice of termination of this Agreement, whichever is earliest, insofar as such allowable costs do not exceed the Grant. All payments shall be sent to Grantee via electronic funds transfer. Grantee shall complete and submit a Statewide Payee Registration form to the Washington State Department of Enterprise Services. Grantee shall provide their Statewide Payee Registration number to LSDF for payments to commence.

3.7 Annual Financial Reports. Grantee shall summarize expenditures during each annual period within the Budget in an annual financial report ("AFR") submitted to Grantor. The first AFR shall be due no later than 60 days after the end of the first annual period within the Budget; subsequent reports shall be due no later than 60 days after the end of each annual period within the Budget thereafter until completion of the activities set forth in the Milestones and Timeline, expiration of the Grant Period, or termination of this Agreement, whichever is earliest. AFRs shall include all expenditures made since the end of the previous annual reporting period. AFRs shall be signed by Grantee's Authorized Official certifying that all expenditures are directly related to performance of the activities set forth in the Milestones and Timeline and the Budget. Grantee's expenditures within the subsequent annual period within the

Budget shall not be reimbursed by Grantor until the previous year's AFR has been submitted and approved by Grantor.

3.8 Unexpended Funds Within an Annual Budget. Expenditure of any funds remaining at the end of an annual period within the Budget shall require prior written approval of Grantor. Grantee may request that such unexpended funds be re-allocated into one or more subsequent annual periods. Such requests shall be submitted in writing by Grantee's Authorized Official no later than 60 days after the end of the subject annual period and shall include a statement of the balance of funds remaining at end of such period, a justification for the proposed re-allocation, and a revised Budget. If the proposed re-allocation involves a substantive change in the activities set forth in the Milestones and Timeline, Grantee shall submit a revised Milestones and Timeline with the request. The final amount of the unexpended funds shall be determined by Grantor upon Grantee's timely submission of invoices and the applicable AFR. In the event that Grantor does not approve Grantee's request to re-allocate unexpended funds remaining at the end of an annual period within the Budget, expenditure authority for such funds shall revert to Grantor. [This section to be removed if grant period is one year or less and sub articles renumbered]

3.9 No-Cost Extensions. In the event that unexpended funds remain at the end of the Grant Period, and there are remaining milestones to be accomplished within the Milestones and Timeline, Grantee may request an extension of the Grant Period to allow Grantee to accomplish such milestones. Such requests shall be submitted in writing by Grantee's Authorized Official at least 60 days prior to the end of the Grant Period and shall include a justification for extension, an estimate of the unexpended funds remaining at the end of the Grant Period, and a revised Budget and Milestones and Timeline. The decision to approve an extension is subject to the sole discretion of Grantor, with such extension granted in a single annual increment.

3.10 Budget Surpluses. Should any unexpended funds remain within the Budget after Grantee has completed the activities set forth in the Milestones and Timeline ("Budget Surplus"), as solely determined by Grantor, Grantee may request that such Budget Surplus be allocated to support new activities. Such new activities shall be consistent with the nature and goals of the Proposal, and authority to spend a Budget Surplus on such activities shall require advance written approval of Grantor. Budget Surplus allocation requests shall be submitted in writing by Grantee's Authorized Official within 60 days of completing the activities set forth in the Milestones and Timeline or 60 days prior to the end of the grant period, whichever is earliest, and shall include a detailed description of the activities to be performed utilizing the Budget Surplus, revised Milestones and Timeline, and a budget and a justification detailing how the Budget Surplus will be allocated. The final amount of such

Budget Surplus shall be determined by Grantor upon Grantee's timely submission of invoices, and if applicable, the relevant AFR. Grantor reserves the right to refer Budget Surplus allocation requests for outside expert review, the cost of which shall be deducted from the Budget Surplus. In the event that Grantor does not approve Grantee's request to spend a Budget Surplus, expenditure authority for such funds shall revert to Grantor.

3.11 Supplemental Funding. During the course of the Grant Period and under certain circumstances as described below, Grantee may request funding in excess of the Grant ("Budget Supplement"). Grantee may request a Budget Supplement:

3.11.A. when a disruptive event, that could not be foreseen or predicted at the Effective Date threatens completion of the activities set forth in the Milestones and Timeline within the Budget; or

3.11.B. when findings, that were not anticipated within the Proposal, result from performance of the activities set forth in the Milestones and Timeline and promise significant health or economic benefits to Washington state.

Requests for a Budget Supplement shall be submitted in writing by Grantee's Authorized Official within a reasonable time of the occurrence of the precipitating event. Provision of a Budget Supplement is subject to the sole discretion of Grantor and the availability of funds. Grantor reserves the right to refer Budget Supplement requests for outside expert review.

3.12 Final Request for Reimbursement. Grantee shall submit a final request for reimbursement no later than 60 days after completion of the activities set forth in the Milestones and Timeline, expiration of the Grant Period, or termination of this Agreement, whichever is earliest. Failure to comply with this Section 3.12 may result in Grantor's refusal or inability to reimburse. Grantor shall not make the final payment until the proper invoice, marked "Final," including applicable detailed expenditure documentation, has been approved by Grantor and a report regarding progress on the activities set forth in the Milestones and Timeline has been received and approved by Grantor.

ARTICLE 4. PROGRESS REPORTS

4.1 Format and Schedule. Grantee shall provide to Grantor regular written and oral reports describing Grantee's progress on the activities set forth in the Milestones and Timeline. Grantee shall submit reports to Grantor according to the schedule specified in the Milestones and Timeline. All reports shall be provided by the Principal Investigator and shall detail the activities of Grantee

and Grantee's Subcontractors, Collaborators and Service Providers during the period covered by the report. Grantee shall submit a final written progress report to Grantor no later than 60 days after completion of the activities set forth in the Milestones and Timeline, expiration of the Grant Period, or termination of this Agreement, whichever is earliest. Payment of Grantee's invoices shall be predicated on Grantor's receipt and approval of Grantee's progress report for the most recent required period.

4.2 Method of Provision and Content. Written progress reports shall be submitted electronically through Grantor's online progress report system. Grantor reserves the right to periodically change the content of written progress reports and Grantee shall submit such reports using Grantor's most current online template.

Oral progress reports shall be provided to Grantor using the method specified in the Milestones and Timeline. The content of such reports shall generally be the same as that of the written progress reports.

All progress reports shall be of sufficient detail to allow Grantor to assess progress made on completing the activities set forth in the Milestones and Timeline and how such activities contribute to Grantor's mission. In the event that a progress report lacks such detail, Grantee shall provide Grantor with additional detail in a timely manner as requested by Grantor. Grantee shall also disclose in writing to Grantor any problems, delays or adverse conditions which may materially affect its ability to complete the activities set forth in the Milestones and Timeline. Such disclosure shall be accompanied by a statement of the action taken or proposed and any assistance needed from Grantor to resolve the situation. Grantor shall hold all progress reports confidential, subject to the public disclosure laws of the state of Washington (See e.g., RCW 42.56.270(14)).

Upon the reasonable prior written request of Grantor and prior to expiration of the Grant Period, Grantee shall arrange site visits or in-person briefings at a mutually agreed upon time and place to enable Grantor to assess the impact of the Grant.

4.3 Post-Award Progress Reports. Commencing on the first anniversary of submission of the final written progress report and for four additional years thereafter or through the Term (as defined in Section 13.1) of this Agreement, whichever is longer, Grantee shall provide Grantor with periodic progress reports regarding Grantee's post-award research, development, and commercialization activities related to the Product, including any technology and intellectual property created by Grantee in performing the activities set forth in the Milestones and Timeline, according to a mutually agreeable format

and schedule. Such reports shall also include an update of Grantee's business plan for the Product, including that for any technology or intellectual property created by Grantee in performing the activities set forth in the Milestones and Timeline, and shall specify Grantee's full time equivalent employment levels in Washington state.

ARTICLE 5. ACCOUNTING AND AUDITING

5.1 Accounting. Grantee agrees to maintain books and records documenting the expenditure of the Grant in accordance with Generally Accepted Accounting Principles and, upon request, shall provide Grantor with a detailed written description of Grantee's internal accounting procedures, including the names of the individuals authorized to receive funds and make disbursements, and shall further provide Grantor with any changes in such procedures and individuals during the Grant Period. Grantee shall make such books and records available to Grantor and its representatives for review, upon reasonable request, for a period of three years following expiration of the Grant Period. If there are unresolved audit questions at the end of such retention period, Grantee shall further retain such records until the questions are resolved. Grantor shall have the right to have any financial report or document related to the expenditure of the Grant reviewed by external consultants and may include external consultants in any meeting or teleconference with Grantee related to such financial records.

5.2 Audits. Grantor reserves the right at reasonable times and during normal business hours to audit Grantee's financial records related to the Grant, or have such records audited, during the Grant Period or for three years thereafter. Grantor shall bear the expenses for such audit unless the audit reveals that funds were spent for purposes unrelated to the activities set forth in the Milestones and Timeline, as set forth in the Budget, in which case Grantee shall reimburse Grantor for such audit costs. If as a result of an audit Grantor reasonably concludes that funds were spent for purposes unrelated to the Milestones and Timeline, as set forth in the Budget, Grantor shall be entitled to a refund of such funds, including interest on the amount refunded. Grantee shall return such funds, including any applicable interest, to Grantor within 30 days of Grantor's written demand.

ARTICLE 6. INTELLECTUAL PROPERTY

6.1 Policies and Management. The Grant supports research and development to enhance competitiveness, improve health and health care and foster economic development in Washington state. Grantor and Grantee recognize that discoveries and developments having public health, scientific, business, or commercial application or value may be made in the course of performing the activities set forth in the Milestones and Timeline. Grantor and Grantee desire

that such discoveries and developments be administered in such a manner that they are brought into public use at the earliest practical time in a manner consistent with Commercially Reasonable Efforts, where “Commercially Reasonable Efforts” are defined as the efforts and resources commonly applied by companies similarly situated to Grantee to product development and commercialization for the health, health care, or other life science market. Grantor and Grantee recognize that this may be best accomplished through patenting, copyrighting, trademarking and/or licensing such discoveries and developments. In accepting the Grant, Grantee warrants that it has policies in place regarding ownership and management of intellectual property. Grantee further warrants that it has expertise in commercialization of intellectual property, including evaluating invention disclosures, patenting and licensing, product development, pre-clinical and clinical testing, and seeking regulatory approval, or in the absence of such expertise, that it shall engage individuals or entities, acceptable to Grantor, having such expertise to assist it in such intellectual property commercialization activities.

6.2 Ownership and Disposition. Grantor claims no ownership rights in any technology or intellectual property conceived, reduced to practice or otherwise made in the course of performing the activities set forth in the Milestones and Timeline. Grantee agrees to use Commercially Reasonable Efforts to commercialize such technology or intellectual property.

Grantor terminates this Agreement due to a Grantee Termination Event, or Grantee terminates this Agreement.	Full Payment Amount

The Full Payment Amount shall be a multiple of the total amount disbursed to Grantee by Grantor under this Agreement, where such multiple is determined by the time at which the last payment to achieve the Full Payment Amount has been paid to Grantor, according to the following:

When such last payment occurs on or prior to the fifth anniversary of the Effective Date, the Full Payment Amount shall be 1.5 times the total amount disbursed to Grantee by Grantor under this Agreement.

When such last payment occurs subsequent to the fifth anniversary of the Effective Date, the Full Payment Amount shall be 2.0 times the total amount disbursed to Grantee by Grantor under this Agreement.

In the event that Grantee has made partial payment toward the Full Payment Amount and a Triggering Event occurs that requires payment of the Full Payment Amount, Grantee shall pay only that portion of such required payment as is necessary to make Grantee's cumulative payments equivalent to the Full Payment Amount.

7.2 Reporting and Payment. Grantee shall make written reports to Grantor related to Triggering Events and their associated payments. Such reports shall include a statement of whether or not a Triggering Event has occurred during the reporting period; cumulative License Revenue, Net Sales Revenue, and Consideration received by Grantee as of the end of the reporting period; and cumulative payments made by Grantee to Grantor toward the Full Payment Amount. Grantee shall make any applicable payment due to Grantor contemporaneously with submission of such report. All payments to be made by Grantee to Grantor hereunder shall be made by wire transfer of immediately available funds to the account designated by Grantor.

The first written report shall be due 12 months after the Effective Date with subsequent reports due at 12 month intervals thereafter until a Triggering Event occurs at which time the interval shall decrease to every six months until such time as Grantee's obligation to make Triggering Event payments to Grantor has ceased.

ARTICLE 8. CONFLICT OF INTEREST

In the event that a portion of the activities set forth in the Milestones and Timeline is performed by a non-profit or educational organization, Grantee shall ensure that such entity has a financial conflict of interest policy in place applicable to performing such activities and that such organization has taken reasonable steps to inform all personnel performing such activities of the policy and requirements for complying with its terms. Grantee shall require each such non-profit or educational organization to complete and execute the Conflict of Interest Report Form found in Exhibit D stating any potential financial conflicts of interest associated with personnel performing the activities set forth in the Milestones and Timeline; attesting to that organization's receipt of disclosures from such personnel that, at a minimum, confirm understandings of Grantor as stated in Exhibit D; and assuring that all disclosed potential conflicts of interest have been eliminated or mitigated. In the event that new financial conflicts of interest are disclosed during the course of performing activities set forth in the Milestones and Timeline, Grantee shall report such disclosures in writing to Grantor in a timely manner using the procedure specified within this Article 8.

Upon the request of Grantor, Grantee shall provide, or cause each such non-profit or educational organization to provide, in writing, information about any financial conflicts of interest that have been disclosed subject to this Article 8, or that have been identified by Grantor in Exhibit D, and about how such disclosed or identified conflicts have been eliminated or mitigated.

ARTICLE 9. WASHINGTON PRESENCE

As partial consideration for the Grant, Grantee shall maintain a substantial presence in Washington state during the Grant Period and for three years thereafter. Such substantial presence shall be determined by Grantor, who in making such determination, shall weigh a variety of factors, including, but not limited to: levels of Grantee's full time equivalent employees who are residents of Washington and their compensation, each relative to Grantee's other sites; location of Grantee's research and development, administrative, or manufacturing facilities; payment of Washington Business and Occupation or other taxes; or any combination of such factors.

ARTICLE 10. PRESENTATIONS AND PUBLICATIONS BY GRANTEE

The parties recognize that the results from performance of the activities set forth in the Milestones and Timeline may be publishable and agree that the persons performing such activities shall be permitted to present the methods and results at symposia and professional meetings and to publish in journals, theses or dissertations, or otherwise, in a manner of their own choosing. Following any

such publication, copies shall be submitted by Grantee to Grantor. Grantee agrees to acknowledge the support of Grantor in all public disclosures related to the activities set forth in the Milestones and Timeline.

15.1. Indemnification. Grantee agrees to indemnify, hold harmless and defend, Grantor (including its affiliated entities) and its directors, officers, representatives, employees and agents and their respective successors, heirs and assigns (each an "Indemnitee") from and against any and all third party claims, losses, expenses, demands, suits, liability or damage for personal injury, property damage or otherwise, including reasonable attorneys' fees, (collectively "Claims"), arising directly or indirectly from, relating to, or resulting from (a) the activities set forth in the Milestones and Timeline, including research and development undertaken by one or more investigators, Subcontractors, Collaborators or Service Providers, (b) any Product, or any other product derived from technology or intellectual property created by Grantee in performing the activities set forth in the Milestones and Timeline, developed in whole or in part from such activities, (c) any claim of infringement or misappropriation of intellectual property relating to the activities set forth in the Milestones and Timeline, (d) any material breach of its representations, warranties, covenants or obligations under this Agreement, and (e) the conduct of Grantee's business or operations outside of the activities set forth in the Milestones and Timeline during the Grant Period.

15.2.2. Except with the prior written consent of the Indemnitee, Grantee shall not consent to entry of any judgment or enter into any settlement that provides for injunctive or other non-monetary relief affecting the Indemnitee or that does not include as an unconditional term thereof the giving by each claimant or plaintiff to such Indemnitee of a release from all liability with respect to such Claim.

15.2.3. If the Indemnitee in good faith determines that the conduct of the defense of any Claim subject to indemnification under this Agreement or any proposed settlement of any such Claim by Grantee might be expected to affect adversely the Indemnitee's tax status, reputation, the ability of the Indemnitee to conduct its business or fulfill its mission, the Indemnitee shall have the right at all times to take over and assume control over the defense, settlement, negotiations or litigation relating to that portion of the Claim at the sole cost of Grantee, provided that if the Indemnitee does so take over and assume control, the Indemnitee may not settle such Claim without the written consent of Grantee, such consent not to be unreasonably withheld.

15.3. Insurance. The relationship of the parties is that of independent contractors. Nothing herein is intended or shall be construed to establish any agency, partnership, or joint venture. Neither party is authorized or empowered to act as an agent for the other party for any purpose and neither party shall be bound by the acts or conduct of the other party.
